BELLIGERENT SPANIARD.

One of Polo's Suite Challenges Consul General Lee and Captain Sigsbee to Fight Duels.

TORONTO, April 26.—Lieutenant Carrienz of the suite of Senor Polo y Bernabe was seen relative to the report that he had challenged Captain Sigsbee of the Maine to fight a duel. He corroborated the story. He said he had sent his challenge on the 20th, and if he does not hear from Captain Sigsbee by the 28th he will brand him a coward. Should Captain Sigsbee refuse, the lieutenant will then challenge Consul General Lee.

WASHINGTON, April 26.—It is not known whether or not Lee and Sigsbee have received the challenges. The Spaniard is an expert swordsman and pistol user. He wanted to issue the challenges before he left Washington, but Senor Polo would not allow it. His grievance is the testimony given by Lee and Sigsbee that the Maine was blown up by Spaniards.

PHILADELPHIA, April 26. — Captain Sigsbee says he has received no challenge and don't believe the report. If it comes, he says he can't say what he will do.

THE RIGHT OF SEARCH.

Instructions Published In the Official Gazette at Madrid—Castelar Swears Allegiance.

MADRID, April 26.—The Official Gazette has published the instructions of the Spanish government respecting the right of search of neutral vessels. In brief, they set forth that warships may detain merchantmen in any non-neutral waters for the purpose of verifying the authenticity of the flag and for examining the cargo, if the vessel is bound for a hostile port.

A dispatch from Barcelona says the canceling of coal contracts by British firms will lead to a paralysis of the local men. The anti-British feeling, therefore, is receiving accentuation.

A council of officers has been appointed to advise the minister of marine, Admiral Bermejo.

Senor Emilio Castelar, the Republican leader, appeared in the chamber for the first time since 1888 and took the oath among the monarchists, kneeling and with his band on the Gospel. The other Republicans and Carlists only gave their pledge while standing with the hand pressed upon the heart.

WILL NOT DECLARE NEUTRALITY.

Germany Determined to Be In a Position to Intervene, if Necessary.

BERLIN, April 26.—It is announced semi-officially that Germany, following the course adopted in the China-Japan and the Turko-Greek wars, will not issue a declaration of neutrality, the idea being to preserve her freedom of action and "to be in a position to intervene if she considers it necessary."

Minneapolis and Columbia Located.

NEWPORT, R. I., April 26. — The cruiser Columbia of the flying squadron, which left Hampton Roads Saturday, has arrived here. An officer of the Columbia, who came ashore soon after, said that the officers of the ship were entirely in ignorance as to the nature of their visit to this city. The cruiser Minneapolis, steaming rapidly up the coast, passed Highland Light, Mass. She was headed in toward Massachusetts bay.

They will probably go out to convoy the Paris.

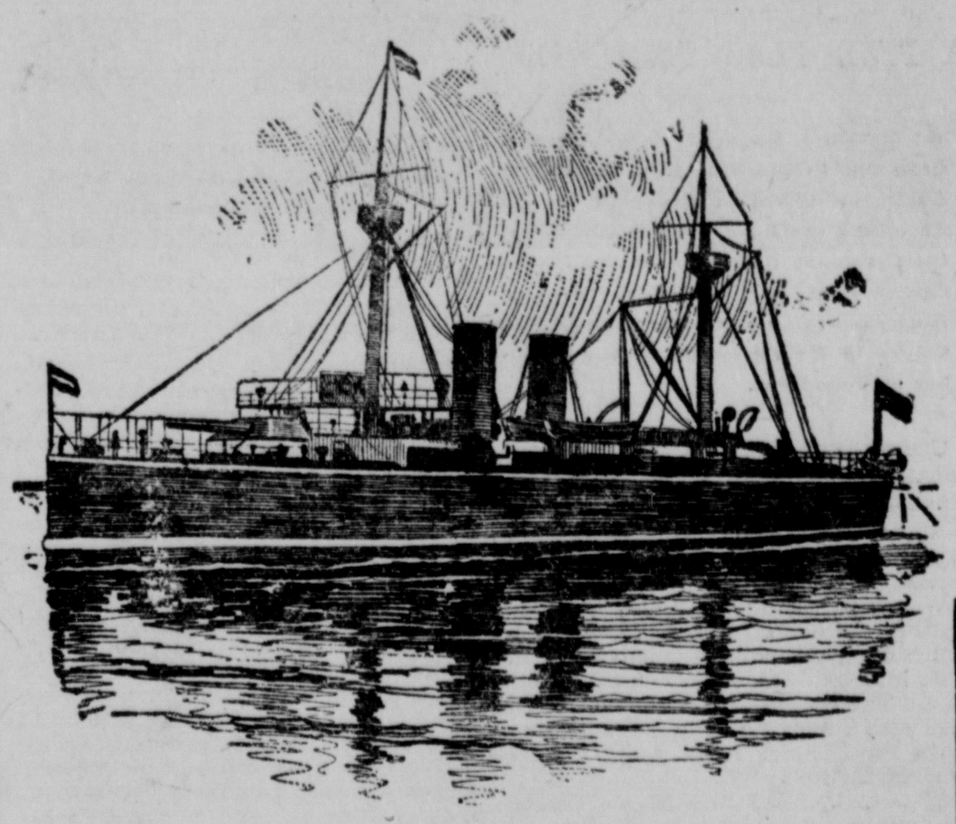

WAR REVENUE BILL.

Republicans Make Some Changes—Proposition of Democrats.

WASHINGTON, April 26.—The Republican members of the ways and means committee had another conference as a result of which Chairman Dingley at a late hour reintroduced his war revenue bill with a number of important amendments framed to meet objections.

The Democratic members of the committee have a substitute proposition for the bond issue, which is briefly as follows:

To coin $50,000,000 of the seignoriage now in the treasury into standard silver dollars to issue $50,000,000 of certificates of indebtedness at 2 per cent interest, and to institute an income tax of 3 per cent on all incomes over $2,000

ARMORED CRUISER VIZCAYA.

The Vizcaya is 340 feet long. She is an armored cruiser of about 7,000 tons displacement. Her speed is something over 20 knots an hour, and she has a battery consisting of two 11 inch, ten 5.5 inch, eight 6 pounder and eight 1 pounder guns. She has an armor belt of 12 inches over her most vulnerable parts.

STRANGE FLEET.

Warships Seen on Saturday Off the Haitian Coast.

The Flotilla of the Dons Still Declared to Be at Cape Verde Islands—Reported They May Sail Today—Visitors Refused Permission to Inspect the Fleet—Portuguese Warships Awaiting the Departure of the Vessels—Officers of the Portuguese Navy Think Their Neighbor Has a Lot of Formidable Fighters Gathered Together.

PORT AU PRINCE, April 26.—The Haitian coast vessel which has just arrived here reports having sighted five warships, painted dark gray, passing the Mole St. Nicolas, the western point of the northern part of Haiti, on Saturday last.

The correspondent of The Associated Press was unable to verify the statement made, and he was also unable to obtain any definite information regarding the nationality of the ships alleged to have been seen by the coaster.

SAINT VINCENT, Cape Verde Islands, April 26.—The Spanish fleet is still here, but it is reported that the vessels sail from these islands today.

LONDON, April 26.—A dispatch to The Daily Mail from St. Vincent, Cape Verde islands, dated Monday, says:

"Visiting the Spanish fleet has been forbidden and no manœuvreing, target practice or exercising whatever is proceeding. All the ships have been painted black since they arrived here. No shore leave is granted.

"The cruisers, including the Vizcaya and the Almirante Oquendo, have been all day coaling from the Ciudad de Cadix. All the stores, medicines and supplies in St. Vincent have been purchased to supply the squadron, and even passing vessels are laid under contribution. The bay is busy with launches and boats carrying stores, and the port is brilliantly illuminated all night with electric searchlights and signals.

"Two Portuguese men-of-war are here and Governor General De Lacerde is staying until the Spaniards depart. The Portuguese consider the Spanish fleet very strong, and believe that Spain will be victorious at the commencement, but that America's money will eventually triumph."

WASHINGTON, April 26.—The Post today says: "The Spanish fleet, which mobilized at Cape Verde islands, was yesterday notified by Portugal to leave St. Vincent."

DECLARATION OF WAR CHASED BY THIS MESSAGE.

Text of the Document Which Brought About the Formal Action by Congress.

WASHINGTON, April 26.—The president's message to congress, recommending a declaration of war, which was acted upon said:

To the Senate and House of Representatives of the United States of America:

I transmit to the congress, for its consideration and appropriate action, copies of correspondence recently had with the representative of Spain in the United States, with the United States minister at Madrid and, through the latter with the government of Spain, showing the action taken under the joint resolution [illegible] tion of the independence of the people of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba, and to withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

Upon communicating to the Spanish minister in Washington the demand which it became the duty of the executive to address to the government of Spain in obedience to said resolution, the minister asked for his passports and withdrew. The United States minister at Madrid was in turn notified by the Spanish minister for foreign affairs that the withdrawal of the Spanish representative from the United States had terminated diplomatic relations between the two countries and that all official communications between their respective representatives ceased therewith.

I commend to your especial attention the note addressed to the United States minister at Madrid by the Spanish minister for foreign affairs on the 21st instant, whereby the foregoing notification was conveyed. It will be perceived therefrom that the government of Spain having cognizance of the joint resolution of the United States congress, and in view of the things which the president is thereby required and authorized to do, responds by treating the reasonable demands of this government as measures of hostility, following with that instant and complete severance of relations by its action, which by the usages of nations accompanies an existent state of war.

The position of Spain being thus made known and the demands of the United States being thus denied, with a complete rupture of internal course by the act of Spain, I have been constrained in exercise of the power and authority conferred upon me by the resolution aforesaid to proclaim under date of April 22, 1898, a blockade of certain ports of the north coast of Cuba lying between Cardenas and Bahia Hondo, and of the port of Cienfuegos on the south coast of Cuba; and further, in exercise of my constitutional powers and using the authority conferred upon me by the act of congress approved April 22, 1898, to issue my proclamation dated April 23, 1898, calling for volunteers in order to carry into effect the said resolution of April 20, 1898. Copies of these proclamations are hereto appended.

In view of the measures so taken, and with a view to the adoption of such other measures as may be necessary to enable me to carry out the expressed will of the congress of the United States in the premises, I now recommend to your honorable body the adoption of a joint resolution declaring that a state of war exists between the United States of America and the kingdom of Spain, and I urge speedy action thereon to the end that the definition of the international status of the United States as a belligerent power may be known and the assertion of all its rights and the maintenance of all its duties in the conduct of a public war may be a sured. WILLIAM MCKINLEY.

Following is the resolution passed by congress and signed by the president:

A bill declaring that war exists between the United States of America and the kingdom of Spain. Be it enacted, etc.:

First—That war be, and the same is hereby declared to exist, and that war has existed since the 21st day of April, A. D. 1898, including said day, between the United States of America and the kingdom of Spain.

Second—That the president of the United States be, and he hereby is directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry this act into effect.

The debate in the senate was based on an amendment offered by Senator Turpie, providing for the recognition of the belligerent rights of the insurgent Cubans, the amendment being practically in the following language:

We hereby recognize the rights of the Cuban army under General Maximo Gomez to be treated as belligerents, the freedom and independence of the Cuban people having heretofore been recognized by act of congress.

This was defeated—38 to 24.

The resolution was later signed by Speaker Reed, Vice President Hobart and the president.

United States Consul Buys Coal.

ISLAND OF ST. THOMAS, W. I., April 26.—United States Consul Van Horn [illegible] coal for the use of the United States warships.

THE PEOPLE FLEE FROM HAVANA

Flying to the Open Country From the City In All Directions.

A TRAIN WAS HELD UP.

Alarm Caused by Firing From Santa Clara Battery.

PRICE OF WHEAT JUMPING UP.

It Immediately Increased In Price From 24 to 50 Cents—Vigorous Chasing of Moving Lights by the Blockading Fleet. A British Vessel Spoken, but Allowed to Proceed—Torpedoboat Porter Made a Daring Dash Into Shore Under Cover of the Darknees—Lieutenant Fremont and Party Obtained Valuable Information—It Is Not Believed Any Vessel Has Yet Ran the Blockade Into Havana—Searchlights Turned on the Fleet From the Fortifications.

KEY WEST, April 26.—According to statements of the family of Arthur Arosteguy, the British vice consul at Havana, who arrived on the British ship Myrtledene, great excitement prevails in Havana, and at the time the Myrtledene left port, the people were leaving for the open country in all directions.

At Mariana, just outside of Havana, a train was held up by an excited crowd eager to escape. The alarm was caused by the firing from the Santa Clara battery.

Wheat jumped in price from 24 to 50 cents.

ON BOARD THE FLAGSHIP NEW YORK, OFF HAVANA, April 26.—The early morning hours yesterday were taken up by a vigorous chasing of moving lights. The only vessel spoken was the British schooner Iolanthe of Windsor, N. S. She was allowed to proceed. She was just out of Matanzas.

No shots have been fired since Monday morning on either side.

The Dolphin and the converted yacht Eagle arrived from Key West. The Dolphin carried the officers and prize crews that had been placed on the steamer Pedro and the schooner Antonio. All were glad to get back, although they said they had had no trouble with their prizes.

The torpedoboat Porter made a daring trip into the shore under cover of darkness, and Lieutenant Freemont, her commander, landed with a small party and obtained valuable information. The blockade continues under beautiful weather conditions.

The flagship returned to the blockade line after an uneventful trip. Nothing of importance apparently had occurred during her absence. When darkness came on Morro castle showed a powerful searchlight and flashed it nervously around the horizon.

Another short searchlight also was seen. It looked to from the direction of the Santa Clara batteries to the westward of El Moro. The searchlight itself could not be distinguished, only its rays being visible. This is due either to the extremely low position of the light or to its distance from the blockade line. The Morro light is placed higher and is an excellent light. It was the first time these searchlights have been used. What benefit they will be to the Spaniards no one knows. They may possibly induce the batteries to expend some more ammunition in futile shots at the fighting squadron, but the blockade continues as before, searchlights or no searchlights, as of course, they do not reach far enough to show our ship.

If any ships run the blockade they will have to run a gauntlet of vigilance that has never been surpassed. The alertness of the officers and men continues at the same place as was exhibited the first night the squadron arrived. Admiral Sampson is more handicapped in his blockade than were the naval commanders during the Civil war. In many cases they were unable to anchor, while Admiral Sampson's fleet drifts around in a two-knot current, with no stationary shore light for a guide. It is believed that every steamer which has attempted to enter Havana since the blockade began has been captured.

Hampton Roads Blockaded.

ON BOARD THE FLAGSHIP BROOKLYN, OFF FORTRESS MONROE, April 26.—The entrance to Hampton Roads, the key to Washington, Norfolk, Baltimore, Richmond, Newport News and many other less important cities has been mined and a state of pacific blockade declared. No vessel will be allowed to enter Hampton [illegible] sunrise.

DECLARATION OF WAR CHASED BY THIS MESSAGE.

Text of the Document Which Brought About the Formal Action by Congress.

WASHINGTON, April 26.—The president's message to congress, recommending a declaration of war, which was acted upon said:

To the Senate and House of Representatives of the United States of America:

I transmit to the congress, for its consideration and appropriate action, copies of correspondence recently had with the representative of Spain in the United States, with the United States minister at Madrid and, through the latter with the government of Spain, showing the action taken under the joint resolution approved April 20, 1898, [illegible] tion of the independence of the people of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba, and to withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

Upon communicating to the Spanish minister in Washington the demand which it became the duty of the executive to address to the government of Spain in obedience to said resolution, the minister asked for his passports and withdrew. The United States minister at Madrid was in turn notified by the Spanish minister for foreign affairs that the withdrawal of the Spanish representative from the United States had terminated diplomatic relations between the two countries and that all official communications between their respective representatives ceased therewith.

I commend to your especial attention the note addressed to the United States minister at Madrid by the Spanish minister for foreign affairs on the 21st instant, whereby the foregoing notification was conveyed. It will be perceived therefrom that the government of Spain having cognizance of the joint resolution of the United States congress, and in view of the things which the president is thereby required and authorized to do, responds by treating the reasonable demands of this government as measures of hostility, following with that instant and complete severance of relations by its action, which by the usages of nations accompanies an existent state of war.

The position of Spain being thus made known and the demands of the United States being thus denied, with a complete rupture of internal course by the act of Spain, I have been constrained in exercise of the power and authority conferred upon me by the resolution aforesaid to proclaim under date of April 22, 1898, a blockade of certain ports of the north coast of Cuba lying between Cardenas and Bahia Hondo, and of the port of Cienfuegos on the south coast of Cuba; and further, in exercise of my constitutional powers and using the authority conferred upon me by the act of congress approved April 22, 1898, to issue my proclamation dated April 23, 1898, calling for volunteers in order to carry into effect the said resolution of April 20, 1898. Copies of these proclamations are hereto appended.

In view of the measures so taken, and with a view to the adoption of such other measures as may be necessary to enable me to carry out the expressed will of the congress of the United States in the premises, I now recommend to your honorable body the adoption of a joint resolution declaring that a state of war exists between the United States of America and the kingdom of Spain, and I urge speedy action thereon to the end that the definition of the international status of the United States as a belligerent power may be known and the assertion of all its rights and the maintenance of all its duties in the conduct of a public war may be assured. WILLIAM MCKINLEY.

Following is the resolution passed by congress and signed by the president:

A bill declaring that war exists between the United States of America and the kingdom of Spain. Be it enacted, etc.:

First—That war be, and the same is hereby declared to exist, and that war has existed since the 21st day of April, A. D. 1898, including said day, between the United States of America and the kingdom of Spain.

Second—That the president of the United States be, and he hereby is directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry this act into effect.

The debate in the senate was based on an amendment offered by Senator Turpie, providing for the recognition of the belligerent rights of the insurgent Cubans, the amendment being practically in the following language:

We hereby recognize the rights of the Cuban army under General Maximo Gomez to be treated as belligerents, the freedom and independence of the Cuban people having heretofore been recognized by act of congress.

This was defeated—38 to 24.

The resolution was later signed by Speaker Reed, Vice President Hobart and the president.

THE PEOPLE FLEE FROM HAVANA

Flying to the Open Country From the City In All Directions.

A TRAIN WAS HELD UP.

Alarm Caused by Firing From Santa Clara Battery.

PRICE OF WHEAT JUMPING UP.

It Immediately Increased In Price From 24 to 50 Cents—Vigorous Chasing of Moving Lights by the Blockading Fleet. A British Vessel Spoken, but Allowed to Proceed—Torpedoboat Porter Made a Daring Dash Into Shore Under Cover of the Darknees—Lieutenant Fremont and Party Obtained Valuable Information—It Is Not Believed Any Vessel Has Yet Ran the Blockade Into Havana—Searchlights Turned on the Fleet From the Fortifications.

KEY WEST, April 26.—According to statements of the family of Arthur Arosteguy, the British vice consul at Havana, who arrived on the British ship Myrtledene, great excitement prevails in Havana, and at the time the Myrtledene left port, the people were leaving for the open country in all directions.

At Mariana, just outside of Havana, a train was held up by an excited crowd eager to escape. The alarm was caused by the firing from the Santa Clara battery.

Wheat jumped in price from 24 to 50 cents.

ON BOARD THE FLAGSHIP NEW YORK, OFF HAVANA, April 26.—The early morning hours yesterday were taken up by a vigorous chasing of moving lights. The only vessel spoken was the British schooner Iolanthe of Windsor, N. S. She was allowed to proceed. She was just out of Matanzas.

No shots have been fired since Monday morning on either side.

The Dolphin and the converted yacht Eagle arrived from Key West. The Dolphin carried the officers and prize crews that had been placed on the steamer Pedro and the schooner Antonio. All were glad to get back, although they said they had had no trouble with their prizes.

The torpedoboat Porter made a daring trip into the shore under cover of darkness, and Lieutenant Freemont, her commander, landed with a small party and obtained valuable information. The blockade continues under beautiful weather conditions.

The flagship returned to the blockade line after an uneventful trip. Nothing of importance apparently had occurred during her absence. When darkness came on Morro castle showed a powerful searchlight and flashed it nervously around the horizon.

Another short searchlight also was seen. It looked to from the direction of the Santa Clara batteries to the westward of El Moro. The searchlight itself could not be distinguished, only its rays being visible. This is due either to the extremely low position of the light or to its distance from the blockade line. The Morro light is placed higher and is an excellent light. It was the first time these searchlights have been used. What benefit they will be to the Spaniards no one knows. They may possibly induce the batteries to expend some more ammunition in futile shots at the fighting squadron, but the blockade continues as before, searchlights or no searchlights, as of course, they do not reach far enough to show our ship.

If any ships run the blockade they will have to run a gauntlet of vigilance that has never been surpassed. The alertness of the officers and men continues at the same place as was exhibited the first night the squadron arrived. Admiral Sampson is more handicapped in his blockade than were the naval commanders during the Civil war. In many cases they were unable to anchor, while Admiral Sampson's fleet drifts around in a two-knot current, with no stationary shore light for a guide. It is believed that every steamer which has attempted to enter Havana since the blockade began has been captured.

Hampton Roads Blockaded.

ON BOARD THE FLAGSHIP BROOKLYN, OFF FORTRESS MONROE, April 26.—The entrance to Hampton Roads, the key to Washington, Norfolk, Baltimore, Richmond, Newport News and many other less important cities has been mined and a state of pacific blockade declared. No vessel will be allowed to enter Hampton [illegible] sunrise.

HE RESERVED DECISION

Mayor Bough Heard Samuel Nally's Case.

IT LOOKED LIKE A WATCH

That Is What One of the Witnesses Said, and That Did Not Convince the Mayor of the Guilt of the Accused—One Man Left City Hall.

Samuel Nally, who was arrested last Saturday by Officer Terrence, charged by B. Wyand with taking a watch from the vest pocket of Joseph Vogel, was given a preliminary hearing before Mayor Bough this morning. Five witnesses were examined.

Wyand testified he saw defendant in company with other three men drinking on the trestle back of Thomas' pottery last Friday afternoon. He came up the hill from the railroad, entered the engine room, and when returning to his companions pulled a silver watch and chain from his pocket, and showed it to his companions. The four then left and went up the track.

Jos. Vogal, owner of the watch, said he did not know his watch was gone until told so by Engineer McCurran.

McCurran stated he had orders to keep all strangers out of the place, but the water was low in the boilers and he was compelled to fill them. When he came to the door he saw defendant going down the hill.

H. H. Millhon stated the prisoner looked like the man who went in the pottery on that date, but he did not get a good look at his face. "I could not identify him positively."

Joseph Walters, a laborer, said Nally asked where he could find the kilnshed boss. He told him the place and he did not see him again.

Leslie Dreptler said she saw Nally go in the pottery and when he came out she saw him pull out a watch and show it to the other men.

Nally was asked if he had anything to say, but said: "What is the use of saying anything. No one has said that I have done anything and the girl said she saw something that looked like a watch." He would not say anything more, and the mayor reserved his decision until this afternoon.

Frank Vincent was called as a witness, but before the hearing was called he left city hall. Officer Terrence was sent after him and his testimony will be taken late this afternoon.

Harvey Jackson, who was arrested by Officer Terrence Saturday night, was given a hearing yesterday afternoon and fined $6.60. Jackson had some trouble with his family when arrested, and said that he would rather go to the workhouse than do again what he has in the past. He was informed the workhouse was all the name could suggest, and he then changed his mind and stayed at home.

WOOSTER, April 26.—Colonel C. V. Hard received word that all of the companies of the Eighth regiment were in their armories waiting for marching orders. The citizens of Wooster raised $400 with which to buy horses and trappings for Colonel Hard and Captain Isaac N. Keiffer.

AKRON, O., April 26.—At a citizens' meeting here it was decided to give the local militia a rousing reception when they leave. All the principal places of business will be closed and exercises held in Grace park, when the chamber of commerce will present the companies with stands of colors. Mayor W. E. Young will be president of the day, Paul E. Werner, chief marshal, and Aaron Wagoner chairman of the committee of arrangements.

CLEVELAND. April 26. — Recruiting Officer Day, located here, received orders from Washington to enlist all the men he possibly could for the hospital corps. Men between 31 and 35 are wanted. Experience in nursing is a requirement, but Captain Day's orders are to enlist all the men who would be useful in the hospital branch of the service. The order is looked upon as significant of a long and hard campaign. It was previously announced that no men for the hospital service were needed.

JUDGE DAY HONORED.

He Will Take Sherman's Place, Who Resigned as Secretary of State.

WASHINGTON, April 26.—Secretary of State Sherman has resigned and Assistant Secretary Day has been appointed to the place. The resignation will take effect as soon as the president wishes.

John B. Moore, professor of international law at Columbia university, New York, and formerly second assistant secretary of state, has been chosen to succeed Judge Day as assistant secretary of state.

CANTON, April 26.—Judge Day was serenaded by the Grand Army band last night, followed to his home by thousands of citizens. The serenade occurred just after local military companies had been signaled to their armories and while the city was wildly enthusiastic. In response to demands for a speech the judge said:

MY FRIENDS AND FELLOW CITIZENS—This is very much in the nature of a surprise party to me. I bid you welcome to my home, and am thrice glad to be with you in the home of our beloved president, in the city so dear to us all. It is possible that I owe this call to the fact that you have been reading some things personal to myself in the newspapers of today. My fellow citizens, it is best to go a little slow as to reports. [A voice: "Oh, no, judge, its a dead sure thing."]

Remember that official preferment rests with the president and the approval and consent of the United States senate. I don't take this call so much as a personal matter to me as an expression of your approval of the course of the president in endeavoring by all fair means to preserve peace with honor for our beloved country. Now that the marching of our own citizens soldiers betokens the presence of war, we are reminded that it is our first duty as Americans to uphold our country in a determined and vigorous prosecution of the war to a successful issue.

There is no division in our ranks. We are united in the common cause and in that is our strength. But I only intended to speak a word of acknowledgement and gratitude for this friendly call. I thank you and bid you good night.

ROOSEVELT WILL OFFICER REGIMENT OF COWBOYS.

His Commander Will Be the President's Physician, Dr. Wood—Teddy Ranks Second—Has Resigned.

WASHINGTON, April 26.—The president has decided to appoint Theodore Roosevelt of New York, at present assistant secretary of the navy, to be a lieutenant colonel of United States volunteers, to serve in a regiment of cowboys and mounted riflemen, to be raised by Mr. Roosevelt and Dr. Wood, the president's family physician, who is now in the medical department of the regular army. Dr. Wood will be colonel of the regiment.

Colonel Wood is now Dr. Wood of the army. He won a medal of honor for distinguished gallantry while commanding a detachment of regular troops during the exceedingly hard Apache campaigns against Geronimo. Secretary Alger selected Colonel Wood and Mr. Roosevelt for these postions because he felt that their training and experience in the past peculiarly fitted them to do good service with a cowboy regiment. Colonel Wood starts west today to superintend the recruiting. Secretary Long wishes Mr. Roosevelt to remain in his present position as long as possible, so it may be two or three weeks before he will join his command.

Incorrect Report.

LONDON, April 26.—The report circulated in the United States that the British consulates at Havana had cabled to the foreign office notifying the authorities here that Havana would be bombarded is incorrect. What he cabled was that he expected Havana would be bombarded.

TO TAKE TWO PORTS.

Strategic Boards Urged to Supplement the Pacific Blockade With More Warlike Operations.

WASHINGTON, April 26.—The strategic boards of the army and navy are being urged to supplement the Pacific blockade by the taking of one port on the north coast of Cuba and one on the south coast, for the purpose of establishing a juncture with Genral Gomez's insurgent troops at Sancti Spiritus and with General Garcia's insurgent forces in Santiago de Cuba.

Secretary Albertini of the Cuban legation said that movements of this character would be extremely valuable in opening up connections with the insurgent forces. It is felt that small ports could be taken practically without opposition, and that Cienfuegos, on the south coast, and Sagua la Grande, on the north coast, are probably best fitted, in point of location and lack of coast defeses, as these bases of supplies.

Somers May Stay In England.

LONDON, April 26.—The officials of the United States embassy fear the United States torpedoboat Somers, now at Falmouth, is destined to remain in England for some time to come, as the neutrality proclamation will be issued today and no convoy for the little craft, without which it is impossible for her to attempt to cross the Atlantic, has yet been secured.

Italy Declares Neutrality.

ROME, April 26.—The Official Gazette published a proclamation enjoining upon all Italian subjects strict neutrality during the war between the United States and Spain.

It is warm and weary work that the woman has to undergo who cooks the year 'round for a big family. Thousands of women whose husbands are only in moderate circumstances have to bear this hardship uncomplainingly. If a woman is in thoroughly good health it does not come so hard, but when, as is frequently the case, the poor woman is suffering from the pains, nervousness, debility and ill-health that are a result of weakness and disease of the distinctly feminine organism, the task is too much.

Under these circumstances, unless the right remedy is used, the poor woman will soon break down completely and fill an early grave. Over 90,000 women have testified to the marvelous merits of Dr. Pierce's Favorite Prescription. Many of their names, addresses, photographs and experiences have been published by permission in Dr. Pierce's Common Sense Medical Adviser. The "Favorite Prescription" cures all weakness and disease of the delicate and important organs that bear maternity's burdens. It makes them well and strong. It builds up the nervous system. It makes weak, sickly, nervous, fretful women strong, healthy, amiable wives. All medicine dealers sell it.

"My youngest daughter, Mrs. Julia Raphe, was all run down with nervous prostration and lung trouble," writes Mrs. Julia Ann Gibson, of Nickerson, Reno Co., Kansas. "She took Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and was cured."

If you want to read the testimonies and see the photographs of many grateful patients who were cured by Dr. Pierce's remedies send for Dr. Pierce's Common Sense Medical Adviser. Besides telling about these cures it tells about the home-treatment of all diseases. 1,008 pages. Over 300 illustrations. Send 21 one-cent stamps, to cover cost of mailing *only*, for paper-covered copy. Cloth-covers 10 cents extra. Address Dr. R. V. Pierce, Buffalo, N. Y.

REFINED TORTURE.

It's on the Decrease in East Liverpool Now—A Citizen Explains Why.

Year in and year out many of our citizens have struggled along bearing unnecessary burdens of the back, seeking relief from sources where it could not be found, suffering the refined torture which goes with a bad back. The little conqueror has brought about a wonderful change and from all parts come the same report. Hundreds of grateful citizens hasten to endorse the good work and speak publicly of their own personal benefit. Read what this East Liverpool citizen says:

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. They told me I had gravel and a little relief was all I could expect. I suffered terribly for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them and am gratified to say that they helped me almost at once."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

Too Joyful.

The New Orleans Times-Democrat says that a woman with her colored maid was recently traveling on a train. When the train started, the girl appeared to be in a fever of excitement. The conductor, the plush seats of the car, the sights from the window—everything was of absorbing interest. To the surprise of her mistress, Sallie, when food was offered her, refused to eat. An hour or two went by, and a sandwich was again offered to her, but she still refused. "What is the matter, Sallie?" asked her mistress. "Are you sick?" The girl rolled up her eyes ecstatically. "Oh, no, missus," she answered, "I ain't sick; but I can't eat when I'm trabbeling! It's too joyful like!"

M. WADE, JEWELER.

"National Guards" and Regulars are household words. Applying them to business, permit the reminder that a Regular eye, one in which light rays converge to a focus directly upon the retina is very rare. So close is the sympathy between the nervous system and the eyes that health is often wrecked by neglecting the Guards to sight. "A Free Cuba" is the nation's shibboleth. Wade's watch word is A FREE EXAMINATION by one skillful in treating diseases of the eye as well as in fitting glasses. THE WRONG GLASS INJURES! In Wade's optical parlors, SHORT SIGHT is relieved by properly adjusted concave glasses. LONG SIGHT by convex. The difficulty in OLD SIGHT, which is loss of power to accommodate vision to long and short range is remedied as well as those in a long list of optical defects, notable among which is ASTIGMATISM—inability to focus horizontal and perpendicular lines at the same time.

He Will Take Sherman's Place, Who Resigned as Secretary of State.

WASHINGTON, April 26.—Secretary of State Sherman has resigned and Assistant Secretary Day has been appointed to the place. The resignation will take effect as soon as the president wishes.

John B. Moore, professor of international law at Columbia university, New York, and formerly second assistant secretary of state, has been chosen to succeed Judge Day as assistant secretary of state.

CANTON, April 26.—Judge Day was serenaded by the Grand Army band last night, followed to his home by thousands of citizens. The serenade occurred just after local military companies had been signaled to their armories and while the city was wildly enthusiastic. In response to demands for a speech the judge said:

MY FRIENDS AND FELLOW CITIZENS—This is very much in the nature of a surprise party to me. I bid you welcome to my home, and am thrice glad to be with you in the home of our beloved president, in the city so dear to us all. It is possible that I owe this call to the fact that you have been reading some things personal to myself in the newspapers of today. My fellow citizens, it is best to go a little slow as to reports. [A voice: "Oh, no, judge, its a dead sure thing."]

Remember that official preferment rests with the president and the approval and consent of the United States senate. I don't take this call so much as a personal matter to me as an expression of your approval of the course of the president in endeavoring by all fair means to preserve peace with honor for our beloved country. Now that the marching of our own citizens soldiers betokens the presence of war, we are reminded that it is our first duty as Americans to uphold our country in a determined and vigorous prosecution of the war to a successful issue.

There is no division in our ranks. We are united in the common cause and in that is our strength. But I only intended to speak a word of acknowledgement and gratitude for this friendly call. I thank you and bid you good night.

ROOSEVELT WILL OFFICER REGIMENT OF COWBOYS.

His Commander Will Be the President's Physician, Dr. Wood—Teddy Ranks Second—Has Resigned.

WASHINGTON, April 26.—The president has decided to appoint Theodore Roosevelt of New York, at present assistant secretary of the navy, to be a lieutenant colonel of United States volunteers, to serve in a regiment of cowboys and mounted riflemen, to be raised by Mr. Roosevelt and Dr. Wood, the president's family physician, who is now in the medical department of the regular army. Dr. Wood will be colonel of the regiment.

Colonel Wood is now Dr. Wood of the army. He won a medal of honor for distinguished gallantry while commanding a detachment of regular troops during the exceedingly hard Apache campaigns against Geronimo. Secretary Alger selected Colonel Wood and Mr. Roosevelt for these postions because he felt that their training and experience in the past peculiarly fitted them to do good service with a cowboy regiment. Colonel Wood starts west today to superintend the recruiting. Secretary Long wishes Mr. Roosevelt to remain in his present position as long as possible, so it may be two or three weeks before he will join his command.

Incorrect Report.

LONDON, April 26.—The report circulated in the United States that the British consulates at Havana had cabled to the foreign office notifying the authorities here that Havana would be bombarded is incorrect. What he cabled was that he expected Havana would be bombarded.

TO TAKE TWO PORTS.

Strategic Boards Urged to Supplement the Pacific Blockade With More Warlike Operations.

WASHINGTON, April 26.—The strategic boards of the army and navy are being urged to supplement the Pacific blockade by the taking of one port on the north coast of Cuba and one on the south coast, for the purpose of establishing a juncture with Genral Gomez's insurgent troops at Sancti Spiritus and with General Garcia's insurgent forces in Santiago de Cuba.

Secretary Albertini of the Cuban legation said that movements of this character would be extremely valuable in opening up connections with the insurgent forces. It is felt that small ports could be taken practically without opposition, and that Cienfuegos, on the south coast, and Sagua la Grande, on the north coast, are probably best fitted, in point of location and lack of coast defeses, as these bases of supplies.

Somers May Stay In England.

LONDON, April 26.—The officials of the United States embassy fear the United States torpedoboat Somers, now at Falmouth, is destined to remain in England for some time to come, as the neutrality proclamation will be issued today and no convoy for the little craft, without which it is impossible for her to attempt to cross the Atlantic, has yet been secured.

Italy Declares Neutrality.

ROME, April 26.—The Official Gazette published a proclamation enjoining upon all Italian subjects strict neutrality during the war between the United States and Spain.

It is warm and weary work that the woman has to undergo who cooks the year 'round for a big family. Thousands of women whose husbands are only in moderate circumstances have to bear this hardship uncomplainingly. If a woman is in thoroughly good health it does not come so hard, but when, as is frequently the case, the poor woman is suffering from the pains, nervousness, debility and ill-health that are a result of weakness and disease of the distinctly feminine organism, the task is too much.

Under these circumstances, unless the right remedy is used, the poor woman will soon break down completely and fill an early grave. Over 90,000 women have testified to the marvelous merits of Dr. Pierce's Favorite Prescription. Many of their names, addresses, photographs and experiences have been published by permission in Dr. Pierce's Common Sense Medical Adviser. The "Favorite Prescription" cures all weakness and disease of the delicate and important organs that bear maternity's burdens. It makes them well and strong. It builds up the nervous system. It makes weak, sickly, nervous, fretful women strong, healthy, amiable wives. All medicine dealers sell it.

"My youngest daughter, Mrs. Julia Raphe, was all run down with nervous prostration and lung trouble," writes Mrs. Julia Ann Gibson, of Nickerson, Reno Co., Kansas. "She took Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and was cured."

If you want to read the testimonies and see the photographs of many grateful patients who were cured by Dr. Pierce's remedies send for Dr. Pierce's Common Sense Medical Adviser. Besides telling about these cures it tells about the home-treatment of all diseases. 1,008 pages. Over 300 illustrations. Send 21 one-cent stamps, to cover cost of mailing *only*, for paper-covered copy. Cloth-covers 10 cents extra. Address Dr. R. V. Pierce, Buffalo, N. Y.

REFINED TORTURE.

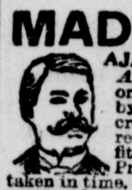

It's on the Decrease in East Liverpool Now—A Citizen Explains Why.

Year in and year out many of our citizens have struggled along bearing unnecessary burdens of the back, seeking relief from sources where it could not be found, suffering the refined torture which goes with a bad back. The little conqueror has brought about a wonderful change and from all parts come the same report. Hundreds of grateful citizens hasten to endorse the good work and speak publicly of their own personal benefit. Read what this East Liverpool citizen says:

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. They told me I had gravel and a little relief was all I could expect. I suffered terribly for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them and am gratified to say that they helped me almost at once."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

Too Joyful.

The New Orleans Times-Democrat says that a woman with her colored maid was recently traveling on a train. When the train started, the girl appeared to be in a fever of excitement. The conductor, the plush seats of the car, the sights from the window—everything was of absorbing interest. To the surprise of her mistress, Sallie, when food was offered her, refused to eat. An hour or two went by, and a sandwich was again offered to her, but she still refused. "What is the matter, Sallie?" asked her mistress. "Are you sick?" The girl rolled up her eyes ecstatically. "Oh, no, missus," she answered, "I ain't sick; but I can't eat when I'm trabbeling! It's too joyful like!"

"National Guards" and Regulars are household words. Applying them to business, permit the reminder that a Regular eye, one in which light rays converge to a focus directly upon the retina is very rare. So close is the sympathy between the nervous system and the eyes that health is often wrecked by neglecting the Guards to sight. "A Free Cuba" is the nation's shibboleth. Wade's watch word IS A FREE EXAMINATION by one skillful in treating diseases of the eye as well as in fitting glasses. THE WRONG GLASS INJURES! In Wade's optical parlors, SHORT SIGHT is relieved by properly adjusted concave glasses. LONG SIGHT by convex. The difficulty in OLD SIGHT, which is loss of power to accommodate vision to long and short range is remedied as well as those in a long list of optical defects, notable among which is ASTIGMATISM—inability to focus horizontal and perpendicular lines at the same time.

Soldier Boys Were Very Glad Last Night.

THREE MEN WERE ENLISTED

After the Order Came Which Told the Boys They Would March Tomorrow. Sights and Scenes at the Armory When Final Preparations Were Being Made.

"It will not be fun my boy. That quit two hours ago. We will have business now," said Capt. W. M. Hill as he sat at his desk in the armory and looked searchingly into the face of David Carnahan, a youth of 19 who had but a moment before laid his mother's consent to his enlistment before the captain. The boy never flinched.

"I know it," he said. That's why I want to go," and he was promptly enlisted, his name being placed on the muster roll without a sign of trembling.

What Captain Hill had said was true, and in the midst of this and similar instances there were signs that it was business now. The days of waiting were almost over. Since it became known that an American man-of-war had been blown to pieces in Havana harbor the boys have been expecting a call. Not a day passed without some of them gathering together and discussing the probable date of their departure. New equipment was ordered and received, and blanket bags, haversacks and belts have been carefully examined and overhauled. Everything has been placed in readiness, those who were not physically able to stand the rigors of a campaign have been dropped from the roll, and for several days the command has been ready to move at short notice.

There have been a number of false alarms, but last night the order came. It was from Colonel Hard, commanding the Eighth Ohio infantry, and instructed Captain Hill to hold his company in readiness to meet the rest of the regiment at Akron today. The telegram was delivered to Captain Hill soon after the flag presentation, and he at once began collecting his men. It was announced from the stage at the opera house, where a patriotic play was being presented, that all members of the company in the house were wanted at the armory. They left at once, and the news spread with marvelous rapidity through the streets. It penetrated to the homes of some soldiers, and brought then in a hurry. In a few minutes the room in the third story of city hall was crowded, a large number of private citizens having hastened there to hear the news.

Captain Hill mounted a chair, and with the telegram in his hand announced that he had good news. He was greeted with a cheer, and when it had died away he read the words written on that little piece of yellow paper, so insignificant in itself, yet so important to every soldier there. Then went up a shout. It was not a cheer, but a series of cheers. Everybody joined in the chorus, and when there was any sign of weakening some strong-lunged fellow who had passed a good examination started it over again. At length the captain restored order, and explained that they would not likely go on the midnight train, but every member must be in readiness.

That caused motion. Haversacks were hastily secured, and soldiers were hastening home to fill them with the two days' rations required. A few final preparations were made and in a very short time the company was ready. Then the men were sent home to rest, for at 7 o'clock this morning they were expected to report for duty in heavy marching order.

Meantime Captain Hill was not idle. He had yet several vacant places on the roll and about 30 candidates from whom to select. William Eoff was called, and proving satisfactory was sworn in, as was Thomas McGill, an Irishman who looked capable of taking care of himself and several others. David Carnahan completed the list, and the crowd gradually dwindled away; soldiers to catch what sleep they could, and civilians to mourn that they had not been accepted, or to praise the boys who dared leave home and friends when Columbia bade her heroes assemble.

UNION LABEL — TYPOGRAPHICAL — EAST LIVERPOOL, O.

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Label at the head of their columns.

IF Spain expects to go down in history as having had very much to do with this war she will have to move quickly.

THOSE Connecticut guardsmen who refuse to enlist should be mustered out at once. No state has use for men who will not fight for the United States.

THERE is no question about the position of the house of representatives. The president recommended a formal declaration, and the house backed that suggestion in a hurry.

WHAT a pity Weyler is not given an opportunity to fight against America, but it is not near as hard for Weyler to stay at home as is for certain Americans to know he cannot come.

EUROPE'S position in this matter is very plain. While it would like much to interfere in behalf of Spain it does not dare go farther than abuse this country and say naughty things of Uncle Sam.

THERE seems to be a good bit of politics in connection with the proposed big offices after the National Guard becomes a part of the great volunteer army. That, however, was to be expected. Ohio could not miss a chance to have a little play at politics.

FROM now until long after the last gun of the Cuban war has been fired a great many newspapers will print a great many fake stories of the conflict. The NEWS REVIEW will adhere closely to its long established policy of giving nothing but what comes from the most reliable source, and all news from the front appearing in these columns will be the most trustworthy obtainable.

MONEY FOR THE WAR.

There need be no apprehension concerning the funds required to carry on war. The resources of this nation are almost beyond comprehension in the matter of raising revenue, and millions upon millions can be collected without the people suffering. Another important matter in this connection is the fact that splendid financiers have the matter in hand. The Republican party has never yet betrayed the government nor have the people had cause to regret any of its national victories. That record will be maintained. President McKinley and Chairman Dingley have the plans all laid, and there are reasons for believing that this particular part of the war will be handled as carefully as the movement of the troops in the field.

FALL IN BEHIND THE FLAG.

When Captain W. M. Hill and his soldiers marched away this morning they took with them the hearty good will of every resident of the city. The demonstration along the line of march and at the station could not have been more hearty. Not one word but that which spoke in praise was heard for the boys who not only responded to the call of duty, but responded with an enthusiasm which cannot be mistaken. They are ready for whatever may come, serving their country and their state, falling in behind the flag when called upon to defend that which is right and punish that which is wrong. Here's to the boys of Company E. May they do their duty like true Americans and return to the dear ones at home safe and well.

Inspiring Demonstration For the Soldiers.

TEN THOUSAND PEOPLE THERE

The Gift of the First National Bank Presented by Colonel Hill and Received by Captain Hill Amid the Plaudits of a Large Assemblage.

Ten thousand people, a conservative estimate, filled Washington street, from Fourth to Fifth streets, last night, and a more good natured, enthusiastic crowd could not have been found. They were there to witness the presentation of a handsome stand of colors to Company E by the First National bank.

The crowd began to gather early in the evening, and long before the momentous hour arrived the street was packed and Chief Johnson and his force experienced a great deal of difficulty in keeping a way clear for street cars. Small boys who could not find a place in the crowd mounted to the surrounding buildings, and soon all the roofs in that vicinity were filled, while the veranda at the Phoenix club and the windows in the neighborhood held an enthusiastic audience. Many of the wives and families of the officers of the bank were in the counting room, the whole making a mighty, cheering assemblage.

Meantime the command had assembled at the armory and headed by the Manley and Haines bands marched through Market and Fifth streets to the appointed place. The crowd opened to let them through, and they were soon drawn up at parade rest, a guard keeping back the crowd from the speakers' stand and leaving an open space to where the company stood.

Pretty Miss Sarah Thompson, daughter of Mr. and Mrs. J. C. Thompson, stepped on the platform, accompanied by Hon. David Boyce, Col. H. R. Hill, Dr. J. C. Taggart and Harry Hall, the folds of the handsome silken flag rising around and above the little lady. Doctor Taggart offered up a fervent prayer, thanking God for what He has done in building up and preserving the nation, and asking divine care at this time. The singing of the "Star Spangled Banner" followed, and then Colonel Hill presented the flag. He said:

"Company E, Eighth regiment, Ohio National Guard—I take pleasure, in behalf of the First National bank of this city, in presenting you this flag, to be borne by you in all your company parades—a flag known and honored on every sea under heaven; which has borne off glorious victory from many a bloody battle-field, and yet continues to stir warmer the heart's blood of every true American, when he looks upon its Stars and Stripes wherever it waves. It represents a government which has shielded and protected not only us, but God's oppressed children who have gathered under its wings from every portion of the globe; a government which, from humble beginnings, has borne us forward with surprising rapidity, and made us one of the great and most prosperous powers on earth.

"Young men, sustain that flag of Stars and Stripes, wherever it waves, over the sea or over the land. It is the star-spangled banner of your fathers and your country. Cheer it as the emblem of our nation's glory and our nation's hope. Today it represents sovereignity and justice. Any man who loves either liberty or manhood must commend the government this flag represents for the action it is now taking. The struggle is between barbarism and civilization. Our government has waited until many of its friends almost suspected its courage, but the blowing up of the Maine has ended the delay, and the question of compromise or war seems now also ended, and the world must learn that the Stars and Stripes will see that tyranical inhumanity and barbarism will not be tolerated in or near America. The result is as sure as anything can be. The cause of right and justice will prevail, supported as it is by the strong arm of the united American people.

"The young men of our country are to be commended for their prompt and patriotic action, and we feel sure that they will not be long in wiping out the last relic of barbarism from the territory of our friend and neighbor, Cuba. Realizing that you will, by merited action, stand by and sustain the honor and glory of our flag, we now present it to you.

"'Tis the star-spangled banner; oh long may it wave
O'er the land of the free and the home of the brave."

At the word Captain Hill, escorted by the color guard, stepped to the front, and receiving the flag, said:

"Gentlemen, we appreciate the spirit of this occasion, and gratefully accept this flag with a full understanding of all that such an acceptance implies.

"It is our duty as citizen soldiers of this republic to cherish and enforce the great principles of our colonial and revolutionary fathers—the principles of liberty and law, one and inseparable; the principles of the constitution and the union; to perpetuate freedom, exalt free men, and by our acts distinguish this Republic beyond its past glorious achievements.

"We are ready, every one of us, to do our duty, and as soldiers to take our small part in evicting the Spanish tyrant, whose rule in Cuba has been the crowning disgrace and shame of modern civilization.

"We thank you, gentlemen of the First National bank, for your courtesy and patriotic consideration in presenting us with this flag. You may be assured that while Company E has its care, that proud flag will never trail in the dust."

The speeches were greeted with cheer upon cheer. Some one called for three cheers for Company E, and they were given with a will, as were other cheers for President McKinley and the bank. Then a voice from the company called for three cheers for the people of East Liverpool, and they too were freely given. Then the band struck up a lively tune, and the boys marched away. They paraded the principal streets, and were cheered all along the route.

The demonstration was without question among the most enthusiastic and inspiring in the history of the city.

May View a Boat.

It is possible the citizens of this place may view a craft that will take part in the war between the United States and Spain. The government officials wrote to the general manager of the Cleveland and Pittsburg company recently asking if boats could be taken from the lakes to the Ohio river over their road. The reply stated that such could be done and the boats would be put in the river at Rochester. Steamboat men said yesterday that the plan the government had adopted to send boats south from th[illegible] feasible, and that they expected to see it done.

GONE TO THE WAR

The Soldiers Marched Away Amid Cheers.

THOUSANDS AT THE STATION

And the Line of March Was Lined With Enthusiastic Crowds—Grand Army Men and Sons of Veterans Escorted the Company—School Children Allowed a Half Holiday—The Soldiers Will Be In Columbus Tonight.

Amid the plaudits of thousands of people Captain Hill and the officers and men of Company E marched to the railroad station, and taking the train went to join the remainder of the Eighth infantry at Canton, this morning.

Bright and early the company assembled at city hall this morning, and in a short time they were ready to move. Each man was in heavy marching order, and had sufficient rations to last two days. Thousands of people lined Third street from Market to College street, and when the roll was called the crush was awful. At length the line of march was taken up, the band played the "Girl I Left Behind Me" and the Grand Army and Sons of Veterans dropped into line. Then the cheering began, and it was continued until the boys boarded the two cars that were in waiting at the freight depot. It seemed as though the whole city had turned out to bid the boys God-speed. There were many wives, mothers and sisters in the crowd, and tears were in evidence, while close friends of some of the boys said adieu with tears in their eyes. Two or three ladies walked beside their sons as they marched from city hall, saying what some of them thought were the last words.

The crush at the station was awful, and when the band struck up "Hail Columbia" and the gun squad of the Sons of Veterans began firing a salute the enthusiasm was without precedent in the history of Liverpool.

At length the train came in, and the company took their place in the cars, while the people cheered and cheered until the train was out of sight. It was a demonstration of which the boys can well be proud, and reflects credit upon the patriotism of the people. No one could have received more hearty expressions of approval.

The company's orders instructed them to assemble at Akron, but this morning at 3 o'clock came another telegram commanding them to meet the Canton boys at Canton. They will then proceed to Columbus where they will go into camp with the remainder of the Guard, at Camp Bullit. After becoming innured to army life they will be sent south.

Every man of the company is enthusiastic, and they marched away as light hearted and as gay as though they were going out for a vacation. Following is the roster of the company:

Captain Wm. M. Hill, First Lieutenant George H. Anderson, Second Lieutenant R. T. Hall, sergeants—Frank Hanley, F. L. Trump, W. B. Kinsey, Charles Purinton, T.C. Smith; corporals—George Blake, Jos. C. Davis, W. J. Miller, Vaughn Weaver, George Wyman, J. F. Joyce, W. R. McCord.

TO THE VETERANS.

Post Commander D. J. Smith Commends the Old Boys.

To the Officers and Members of General Lyon Post No. 44, G. A. R., and to All Old Veterans Who Took Part:

I am proud of the old veterans for the splendid turnout they made this morning in escorting E company, of the Ohio National Guard, to the train, for the purpose of bidding the lads good-by and God speed. It reminds me of our own days of the sixties, when the boys, north and south, responded to the call to arms, and I expect that the boys of today will, in case the necessity occurs, prove to be made of the same grand material as their parents. They are "chips of the old block" and we are proud of them. May the Great Commander bear them in his care, and may victory perch upon our banners, is the prayer of all the old veterans of this city. In the name of the post, I again thank the veterans for their splendid turnout.

The writer is a younger brother of Captain Palmer, and is enthusiastic. Another brother is an officer in the naval reserve of Iowa.

CLOSED THE SCHOOLS.

Scholars saw the Soldiers Depart Today.

When it became known this morning that the soldiers would go to the war, Superintendent Rayman, as a proof of the esteem in which the boys are held, and as a lesson in patriotism for the children, ordered that "America" be sung and then dismissed the schools.

He deserves high commendation for his consideration.

HIS ORDERS.

Captain Palmer Will Join the Pennsylvania Guard Tomorrow.

Captain Harry Palmer, owner and manager of the NEWS REVIEW, this morning received orders to join the staff of the Tenth Pennsylvania Infantry tomorrow at Pittsburg.

Captain Palmer was today presented with a handsome pocket Bible by the officers of the First National bank. He appreciates it as a gift of inestimable value.

Etiquette at Nice.

One feature of life on the Riviera that particularly strikes the sojourner from this side of the Atlantic is the utter absence of the piazza life that is such an institution at American summer and winter resorts. A recent visitor at Nice writes to the New York Times: "A man may show himself here on the Promenade des Anglais, either on foot or in coach, within certain well defined hours and with well understood restrictions as to his costume, but he must under no circumstances be seen sitting in front of his own dwelling, be it villa or hotel. The front of the premises must be clean and well kept, with as many plants and flowers as you like, but there must be no array of comfortable chairs and little tables, as we have them, or any other outward sign, in fact, that some one lives within and some one who knows how to take life comfortably. To sit in front of a hotel here after breakfast, smoking the cigar of contentment, would be a brazen defiance of all social usages."

How He Shot.

A Texas military company was out on the range practicing at rifle shooting. The lieutenant in command suddenly became exasperated at the poor shooting, and seizing a gun from one of the privates cried sharply:

"I'll show you fellows how to shoot."

Taking a long aim, and a strong aim, and an aim altogether, he fired and missed. Coolly turning to the private who owned the gun, he said:

"That's the way you shoot."

He again loaded the weapon and missed. Turning to the second man in the ranks, he remarked:

"That's the way you shoot."

In this way he missed about a dozen times, illustrating to each soldier his personal incapacity, and finally he accidentally hit the target.

"And that," he ejaculated, handing the gun back to the private, "is the way I shoot."—Los Angeles Express.

He'd Better Trade Her Off.

There is a certain Yorkshire man who has won considerable fame and some wealth as an expert handler of horses. He is also the possessor of a pleasant home, a charming wife and a bright 3-year-old boy.

The latter is the delight of his father's heart, and the little fellow not only knows lots of horse talk, but takes a keen delight in a mild attempt at holding the reins over a fast gee.

The wee horseman has picked up the habit of calling his parents by their first names, and the way in which he utters them is decidedly cunning.

One day not long ago his father came home in a hurry and found the luncheon wasn't ready.

"What do you think of that, my small man?" he cried laughingly as he tossed the 3-year-old in the air. "Here's papa come home in a terrible hurry and no luncheon ready. What ought we to do with such a terrible mamma?"

GONE TO THE WAR

The Soldiers Marched Away Amid Cheers.

THOUSANDS AT THE STATION

And the Line of March Was Lined With Enthusiastic Crowds—Grand Army Men and Sons of Veterans Escorted the Company—School Children Allowed a Half Holiday—The Soldiers Will Be In Columbus Tonight.

Amid the plaudits of thousands of people Captain Hill and the officers and men of Company E marched to the railroad station, and taking the train went to join the remainder of the Eighth infantry at Canton, this morning.

Bright and early the company assembled at city hall this morning, and in a short time they were ready to move. Each man was in heavy marching order, and had sufficient rations to last two days. Thousands of people lined Third street from Market to College street, and when the roll was called the crush was awful. At length the line of march was taken up, the band played the "Girl I Left Behind Me" and the Grand Army and Sons of Veterans dropped into line. Then the cheering began, and it was continued until the boys boarded the two cars that were in waiting at the freight depot. It seemed as though the whole city had turned out to bid the boys God-speed. There were many wives, mothers and sisters in the crowd, and tears were in evidence, while close friends of some of the boys said adieu with tears in their eyes. Two or three ladies walked beside their sons as they marched from city hall, saying what some of them thought were the last words.

The crush at the station was awful, and when the band struck up "Hail Columbia" and the gun squad of the Sons of Veterans began firing a salute the enthusiasm was without precedent in the history of Liverpool.

At length the train came in, and the company took their place in the cars, while the people cheered and cheered until the train was out of sight. It was a demonstration of which the boys can well be proud, and reflects credit upon the patriotism of the people. No one could have received more hearty expressions of approval.

The company's orders instructed them to assemble at Akron, but this morning at 3 o'clock came another telegram commanding them to meet the Canton boys at Canton. They will then proceed to Columbus where they will go into camp with the remainder of the Guard, at Camp Bullit. After becoming innured to army life they will be sent south.

Every man of the company is enthusiastic, and they marched away as light hearted and as gay as though they were going out for a vacation. Following is the roster of the company:

Captain Wm. M. Hill, First Lieutenant George H. Anderson, Second Lieutenant R. T. Hall, sergeants—Frank Hanley, F. L. Trump, W. B. Kinsey, Charles Purinton, T. C. Smith; corporals—George Blake, Jos. C. Davis, W. J. Miller, Vaughn Weaver, George Wyman, J. F. Joyce, W. R. McCord.

Privates—H. S. Kerr, John Gilson, W. S. Crewson, Orville McKinnon, Timothy Wines, George Campbell, J. H. Hughes, George Freeman, Fred Martin, Oliver Reynolds, James Rabon, Celia Fair, Frank Dye, John D. McKinnon, Phillip Moore, William Temple, W. G. Hackworth, Ezra H. Simms, George Swingewood, E. S. Morley, L. E. Heddleson, Raymond Mite, Charles Cox, J. W. Hoyt, J. B. Harvey, Louis M. Poole, Harry Haden, John C. Headley, Morris Carnahan, Samuel Moon, Isiah Lucas, Thomas Beaty, Dennis McCarron, W. D. Wilson, Harry K. Davis, Charles Schwitzer, Sanford Tice, George A. Wilkinson, Harry Wade, James H. Dwar, Leo D. Reynolds, Ed C. Holloway, William McKinney, John Howard, John Robinson, W. S. Cook, Ralph Woods, Clarence Green, Allen Kirkwood, William Eoff, David Carnahan, Thomas McGill, James Ward, John Murray, H. E. Smith, John Joyce, B. N. Anderson, Fred Smith, Carroll Dodd, Albert Strain.

The Horse Ran Away.

Martin Mears was before Mayor Bough this afternoon on a charge of fast driving. He pleaded not guilty and will be given a hearing tomorrow evening at 7 o'clock. Mr. Mears says his horse was scared by being hit by a ball from a roman candle, which caused it to become unmanageable. [illegible] could not control the animal. It happened after the parade last night.

TO THE VETERANS.

Post Commander D. J. Smith Commends the Old Boys.

To the Officers and Members of General Lyon Post No. 44, G. A. R., and to All Old Veterans Who Took Part:

I am proud of the old veterans for the splendid turnout they made this morning in escorting E company, of the Ohio National Guard, to the train, for the purpose of bidding the lads good-by and God speed. It reminds me of our own days of the sixties, when the boys, north and south, responded to the call to arms, and I expect that the boys of today will, in case the necessity occurs, prove to be made of the same grand material as their parents. They are "chips of the old block" and we are proud of them. May the Great Commander bear them in his care, and may victory perch upon our banners, is the prayer of all the old veterans of this city. In the name of the post, I again thank the veterans for their splendid turnout.

D. J. SMITH,
Post Commander.

OFFERED A COMMAND.

Erie, Pa., Would Have Captain Palmer Take a Company.

The following letter was received this morning, and explains itself:

ERIE, Pa., April, 24, 1898.

Harry Palmer, East Liverpool, O., Dear Bro.—Well old boy what do you intend doing? Are you going with the N. G. or do you intend organizing a company and offer your services to Uncle Sam. Willie and Charles have got the war fever pretty bad, something like it got us a few years ago. They want me to raise a company and offer you the captaincy, as you would make a good drill master and have all hands ready in short order. I will raise the company in short order if you will act as captain. There would be four Palmers to start with.

Your Brother,
CHARLES.

The writer is a younger brother of Captain Palmer, and is enthusiastic. Another brother is an officer in the naval reserve of Iowa.

CLOSED THE SCHOOLS.

Scholars saw the Soldiers Depart Today.

When it became known this morning that the soldiers would go to the war, Superintendent Rayman, as a proof of the esteem in which the boys are held, and as a lesson in patriotism for the children, ordered that "America" be sung and then dismissed the schools.

He deserves high commendation for his consideration.

Carey Laid Off.

George Carey yesterday was laid off by the Louisville team and Hans Wagner was placed on first base.

A letter received from John Godwin states that he has been installed at short for the Utica team, and expects to hold the position, although he may be shifted to third base.

TAKEN TO NEW YORK

Having Been Bitten by His Horse

FRIENDS FEAR HYDROPHOBIA

The Horse Was Attacked by a Dog Eighteen Months Ago, and Last Week Wesley Herron's Arm Was Lacerated, the Animal Showing Dangerous Symptoms.

Wesley Herron, who lives near Fairview, Hancock county, will this afternoon be taken to the Pasteur institute in New York.

Between 17 and 18 months ago a horse owned by Mr. Herron was bitten by a dog that was supposed to be mad. The dog was killed, but no attention was given to the horse as it showed no signs of hydrophobia. The animal was worked right along, and did not show any ill effects of the bite until last Friday when it began snapping and bit Mr. Herron on the arm.

Not much attention was given to the wound, as it was thought it would heal all right, but the next day the horse died in all the agonies of hydrophobia.

The family of Mr. Herron became alarmed at once, and, in order to be on the safe side, it was thought best to send Mr. Herron to the Pasteur institute at once, and, accompanied by a few friends, he left this afternoon.

TRIP TO CHINATOWN,

A First Class Company Will Present It at Grand.

Frank Lane, and an able company of fun-makers, will present Chas. H. Hoyt's great comedy, "A Trip to Chinatown" at the opera house April 27. This merry creation of Hoyt's has made for the author the greatest pecuniary returns of his several comedies. It enjoyed a run of 656 nights at Hoyt's theater, New York, and last season it accomplished the conquest of the Antipodes by running a very successful year in Australia. Mr. Lane and a number of the members of his company have been identified with "A Trip to Chinatown" almost since its first production. Mr. Lane will appear as Well and Strong.

It was presented to Mr. Terrence's father soon after he enlisted, and was in his pocket when he was killed at the battle of Fort Darling, Va., a short time before the war ended.

THE WOMAN OBJECTED

When Agent Lloyd Wanted to Enter Suit.

Yesterday afternoon a woman made complaint to the humane society that her husband was not supporting her and asked Agent Lloyd to take the case.

No written permission for such service need be obtained from the company and it will not be necessary to send in any policies for such indorsement. *

The Connelly Gas Regulator

is metallic throughout, to slide or rubbing contact of metals, or parts at any point. This eliminates all friction, insures accurate and reliable regulation of pressure and prevents wear. It will hold your gas fires to the exact point you set them at all hours during day or night. Your incandescent burners will give a much better light and the mantles will last twice as long with acurately regulated pressure. All waste of gas due to excessive or variation of pressure is prevented by this regulator, whether used for light or heat, and on all kinds of burners or heating appliances. We can submit hundreds of testimonials in support of every point claimed for this regulator.

UNION LABELS.

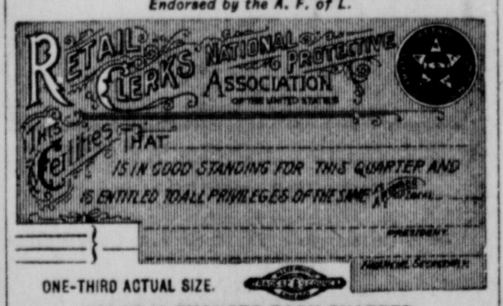

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

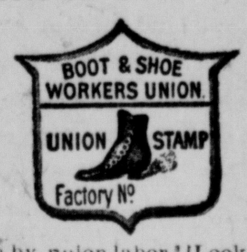

ONE-THIRD ACTUAL SIZE.

COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

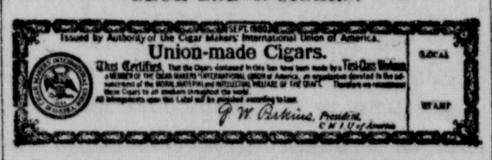

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

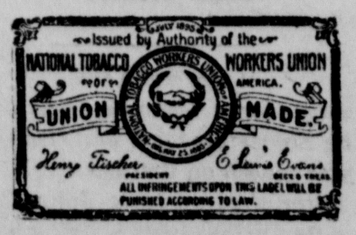

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

TAKEN TO NEW YORK

Having Been Bitten by His Horse

FRIENDS FEAR HYDROPHOBIA

The Horse Was Attacked by a Dog Eighteen Months Ago, and Last Week Wesley Herron's Arm Was Lacerated, the Animal Showing Dangerous Symptoms.

Wesley Herron, who lives near Fairview, Hancock county, will this afternoon be taken to the Pasteur institute in New York.

Between 17 and 18 months ago a horse owned by Mr. Herron was bitten by a dog that was supposed to be mad. The dog was killed, but no attention was given to the horse as it showed no signs of hydrophobia. The animal was worked right along, and did not show any ill effects of the bite until last Friday when it began snapping and bit Mr. Herron on the arm.

Not much attention was given to the wound, as it was thought it would heal all right, but the next day the horse died in all the agonies of hydrophobia.

The family of Mr. Herron became alarmed at once, and, in order to be on the safe side, it was thought best to send Mr. Herron to the Pasteur institute at once, and, accompanied by a few friends, he left this afternoon.

TRIP TO CHINATOWN,

A First Class Company Will Present It at Grand.

Frank Lane, and an able company of fun-makers, will present Chas. H. Hoyt's great comedy, "A Trip to Chinatown" at the opera house April 27. This merry creation of Hoyt's has made for the author the greatest pecuniary returns of his several comedies. It enjoyed a run of 656 nights at Hoyt's theater, New York, and last season it accomplished the conquest of the Antipodes by running a very successful year in Australia. Mr. Lane and a number of the members of his company have been identified with "A Trip to Chinatown" almost since its first production. Mr. Lane will appear as Well and Strong.

BLOODSTAINED BOOK.

A Treasured Relic of the Battle of Fort Darling.

Fireman Terrence has in his possession a valuable relic of the Rebellion.

It is a small book stained with blood and bearing the title "Soldier's Pocketbook." It contains prayers for the soldiers when wounded, on picket duty and at other times, together with a number of psalms. It was presented to Mr. Terrence's father soon after he enlisted, and was in his pocket when he was killed at the battle of Fort Darling, Va., a short time before the war ended.

THE WOMAN OBJECTED

When Agent Lloyd Wanted to Enter Suit.

Yesterday afternoon a woman made complaint to the humane society that her husband was not supporting her and asked Agent Lloyd to take the case.

The agent at once said he would enter suit against the man and prosecute him to the full extent of the law. The papers were prepared, but at the last moment the woman weakened and refused to sign the affidavit.

The Western and Southern Life Insurance company of Cincinnati, O., has sent a circular letter to all their branch offices informing their agents that it is the intention of the company to recognize all claims that may be caused in consequence of those who lose their lives in behalf of their country while serving in the regular army or navy of the United States during the war, nor will there be any extra premium charged for carrying the insurance. No written permission for such service need be obtained from the company and it will not be necessary to send in any policies for such indorsement. *

The Drawback.

Mlle. Victorine confides to the janitor's wife that her mistress, who is old and feeble, has promised to remember her in her will if she takes good care of her till she dies. The janitor's wife shrugs her shoulders.

"The worst of that is, my dear, that the better you take care of her the longer you'll have to wait for your legacy."—Paris Figaro.

Victims of Illusion.

"Did you read about the woman who married one man thinking he was another?"

"Don't get worked up over that. Lots of women do the same thing every day in the week."—Chicago Record.

The Connelly Gas Regulator

is metallic throughout, to slide or rubbing contact of metals, or parts at any point. This eliminates all friction, insures accurate and reliable regulation of pressure and prevents wear. It will hold your gas fires to the exact point you set them at all hours during day or night. Your incandescent burners will give a much better light and the mantles will last twice as long with acurately regulated pressure. All waste of gas due to excessive or variation of pressure is prevented by this regulator, whether used for light or heat, and on all kinds of burners or heating appliances. We can submit hundreds of testimonials in support of every point claimed for this regulator.

UNION LABELS.

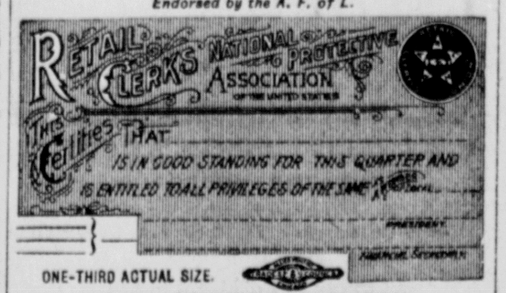

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

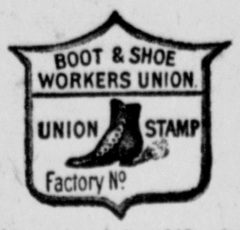

ONE-THIRD ACTUAL SIZE.

COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

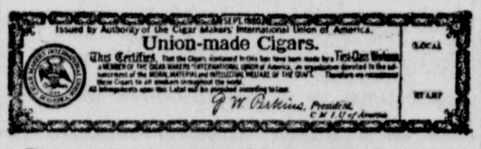

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

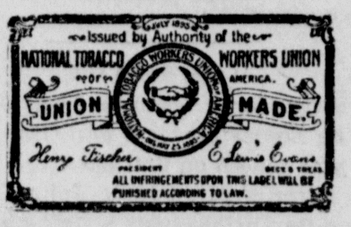

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

ONCE WAS A SAILOR

N. W. Cohagen Cruised In the West Indies

ON THE MAN-OF-WAR PLYMOUTH

He Knows All the Places Covered by the Dispatches of the War—Faithfully Kept a Record of His Travels During the Three Years of Service.

N. W. Cohagen, the police officer who was deprived of his position by Mayor Stewart when that gentleman was in office, is deeply interested in the news as it comes from the West Indies, for he served in that particular part of the world when a sailor on board the man-of-war Plymouth.

Mr. Cohagen enlisted in the navy at Philadelphia Oct. 10, 1876 and kept a faithful account of his travels. The book he still has in his possession, and an interesting document it is at this time. It is water stained and worn by time, but the writing is legible and tells a good story.

Mr. Cohagen was taken to the Plymouth, and at once liked the ship. Hundreds of visitors were there every day, but Nov. 22 the vessel set sail for Norfolk where they joined the fleet. There Cohagen was drilled in the duties of a sailor, and the time passed with nothing more exciting than the usual events. Occasionally the crew of some other man-of-war would challenge them to a boat race, and all would turn out to witness the contest. The boys of the Plymouth always held their own against even the best oarsmen.

Christmas day of that year the Plymouth was at sea, bound for the south. It was a very cold day, but on the 28th they found warm weather. Dec. 28th the Plymouth put in at Key West. "It is a beautiful harbor," says the book, "but the town don't amount to much." Soon afterward they left for Pensacola where they narrowly escaped being run down by a merchantman.

The Plymouth left Pensacola Feb. 9, and went to New Orleans where they dressed the ship in honor of the carnival. Soon afterward, the book records say, they "buried Bill Smith," out of the crew who had died of heart disease. From Orleans they went down the gulf to the Mexican coast, and June 23 sighted Tortugas light, an important point at this time. Target practice and experiences with sharks about Key West occupied their attention for some time and then they went north, but they started south again and Dec. 4 sighted Porto Rico. St. Thomas was their objective point, and the town, whose name is so often seen in the dispatches these days, is described as a pretty place. A number of other points were visited, and Jan. 10, 1878 the Plymouth dropped anchor in Havana harbor. They fired a salute in honor of the consul general and were paid in Spanish gold and silver, a number of officers and ladies from the fortifications visiting the ship.

Mr. Cohagen served the greater part of his time while in the navy in the West Indies, and watches closely the news from that part of the world, being like all other veterans much interested in the service.

Called on an Old Minister.

D. T. Lawson has returned from Somerset, Pa. While there he visited Reverend Ainsley, who was pastor of the Methodist Episcopal church at this place 30 years ago. Reverend Ainsley is a brother-in-law of Abner McKinley, President McKinley's brother.

Four men were last night quarreling at Third and Main streets when Officer Rose approached. After watching them a few minutes he saw two walk away the others continuing the row. Then he attempted to arrest one and succeeded. The other fellow followed, and when near city hall threw a brick at the officer. It struck him on the side of the head, causing a nasty wound. A crowd of young men were near, and ran after the assailant, who was hastening down an alley, but he escaped. The officer pluckily held to his prisoner and succeeded in placing him in jail.

The officer's head is very sore today, but it is not believed he is seriously hurt.

The men are strangers, and the name of the prisoner is not known.

NO CHANGE IN HIS SALARY

The Board of Education Decided It In Short Order—The Term Will Close May 27, and Commencement Exercises Will be Held May 31.

Messrs. Lyth, Rex, Parke, White, Stevenson and Hutchinson were present at an important meeting of the board of education last night.

An application for the position of truant officer was read, but as the time of the present incumbent has not yet expired nothing was done. A number of small bills were paid, and the report of the text book committee was received and the committee continued for duty. They were authorized to contract, with a profit of 15 per cent to the contractor, for books. The committee appointed to purchase a safe were also continued. The sewer committee stated that the committee of council had promised to have the survey made, but nothing had yet been done. There would be no trouble in apportioning the cost, they said. President White then submitted the following committees for the year:

On text books and apparatus—Lythe, Parke and Stevenson. Teachers and discipline — Parke, White, Lythe. Building—Stevenson, White, Hutchinson. Cleaning and supplies—Rex, Stevenson, Parke. Finance—Hutchinson, Stevenson, Rex. Truancy—White, Hutchinson, Rex.

Mr. Stevenson moved that the regular term of the schools close May 27 and that commencement exercises take place May 31. The motion carried without opposition, and Mr. Lythe, Doctor Parke and Mr. Hutchinson were chosen to look after the program and music. Mr. Hutchinson and Mr. Stevenson will look after the securing of city hall.

Mr. Lythe, Doctor Parke and Mr. Stevenson were selected to confer with Professor McDonald in regard to securing his services for the next year at the same salary. The committee retired with the professor, and reported almost immediately that the arrangement had been made. The report was accepted.

It was found that an insurance policy of $8,000 had expired, and the secretary was instructed to renew it. A lawn mower was ordered, and the placing of flowers in the yard of the high school building was referred to a committee.

The tuition for pupils living outside the district caused a long discussion, and it was placed at $1.50 for the high school and $1.25 for the other grades. Doctor Parke insisted that tuition be paid in advance, and the motion carried. Professor McDonald will attend to the matter.

It was announced that the county institute would be held in Wellsville in August. The board will make necessary arrangements.

A Meeting.

The Woman's Foreign Missionary society of the Methodist Episcopal church will meet at the home of Mrs. William Wooster tonight. A program has been arranged and lunch will be served.

HIT WITH A BRICK.

Officer Rose Was Knocked Down, but Kept the Man.

Four men were last night quarreling at Third and Main streets when Officer Rose approached. After watching them a few minutes he saw two walk away the others continuing the row. Then he attempted to arrest one and succeeded. The other fellow followed, and when near city hall threw a brick at the officer. It struck him on the side of the head, causing a nasty wound. A crowd of young men were near, and ran after the assailant, who was hastening down an alley, but he escaped. The officer pluckily held to his prisoner and succeeded in placing him in jail.

The officer's head is very sore today, but it is not believed he is seriously hurt.

The men are strangers, and the name of the prisoner is not known.

The Board of Education Decided It In Short Order—The Term Will Close May 27, and Commencement Exercises Will be Held May 31.

Messrs. Lyth, Rex, Parke, White, Stevenson and Hutchinson were present at an important meeting of the board of education last night.

An application for the position of truant officer was read, but as the time of the present incumbent has not yet expired nothing was done. A number of small bills were paid, and the report of the text book committee was received and the committee continued for duty. They were authorized to contract, with a profit of 15 per cent to the contractor, for books. The committee appointed to purchase a safe were also continued. The sewer committee stated that the committee of council had promised to have the survey made, but nothing had yet been done. There would be no trouble in apportioning the cost, they said. President White then submitted the following committees for the year:

On text books and apparatus—Lythe, Parke and Stevenson. Teachers and discipline — Parke, White, Lythe. Building—Stevenson, White, Hutchinson. Cleaning and supplies—Rex, Stevenson, Parke. Finance—Hutchinson, Stevenson, Rex. Truancy—White, Hutchinson, Rex.

Mr. Stevenson moved that the regular term of the schools close May 27 and that commencement exercises take place May 31. The motion carried without opposition, and Mr. Lythe, Doctor Parke and Mr. Hutchinson were chosen to look after the program and music. Mr. Hutchinson and Mr. Stevenson will look after the securing of city hall.

Mr. Lythe, Doctor Parke and Mr. Stevenson were selected to confer with Professor McDonald in regard to securing his services for the next year at the same salary. The committee retired with the professor, and reported almost immediately that the arrangement had been made. The report was accepted.

It was found that an insurance policy of $8,000 had expired, and the secretary was instructed to renew it. A lawn mower was ordered, and the placing of flowers in the yard of the high school building was referred to a committee.

The tuition for pupils living outside the district caused a long discussion, and it was placed at $1.50 for the high school and $1.25 for the other grades. Doctor Parke insisted that tuition be paid in advance, and the motion carried. Professor McDonald will attend to the matter.

It was announced that the county institute would be held in Wellsville in August. The board will make necessary arrangements.
